EMBROIDERY STUDIO ^{e4.5}
Designing
WITH CoreIDRAW
GRAPHICS SUITE

*Designed with more creativity tools than ever before
and with an emphasis on improving the production process.
Now is the perfect time to update and set your business free!*

EmbroideryStudio e4.5 has just been released with many incredible enhancements to your favorite embroidery software. It also includes 10 new packaged fonts, support for Arabic and Thai languages and many more creative stitches. The introduction of the EmbroideryConnect WiFi Device, a contactless embroidery solution, can dramatically improve your embroidery and multi-decoration business. Call now and experience the difference it can make to your business.

Today's software is a lot more affordable than you imagine

Creative Stitches

The creative stitch Hand Stitch Effect is included as standard.

EmbroideryHub

A management console to setup and manage your EmbroideryConnect devices. EmbroideryHub is standard and free in all e4.5 software.

Latest CoreIDRAW Compatible

EmbroideryStudio e4.5 is compatible with CoreIDRAW 2020 and is included in NEW purchases.

Paid Add-on Elements

There is an array of specialist paid add-on Elements available e.g Sequins Advanced with multi-sequin, Spiral Fill, Shading & Open Fill, Maze Fill, Reef Photo Stitch, Beading and any more.

226 Digitized Fonts

Full control and kerning of professionally embroidered TrueType and OpenType fonts. Recently used fonts appear on top and all previews appear in solid lettering. 10 NEW fonts packed with e4.5 and support for Thai and Arabic languages.

Product Visualizer

Accurately showcase customer designs on over 1000 hi-resolution products images or add from your own collection. Email PDF to customer for approval.

Order Job Feature

Store customer names, order numbers, due dates, product details, sizes, quantities, and colors, all in the .EMB design file.

Integrated Design Library

Browse and manage your designs. Add customer information, categories and more. All searchable for faster access.

Your business is missing out!
